

Searching for a new path for your child's education?

Come Investigate!

OPEN HOUSE

Sat April 20th
Noon - 3pm

Come Discover what happens when you combine the most successful educational models from around the world with the latest discoveries in neuroscience and learning. Experience freedom in education through *real world journeys*, frequent hands on nature experiences, and an environment based on mutual respect and regard. Curiosity, creativity and collaboration are not only invited, but *keys* to the learning process. **BRITE FUTURE ACADEMY** and the *Open Doors Center* have joined forces to create an educational experience unlike any other.

Come Explore a student guided, self paced, passion directed *Private School* for kids ages 4-14 with a community based *Homeschool* Education Resource Center.

And don't forget...
